

## City Life :: FAQs

### Do I have to get my own internship?

*For the LOCAL option:* Yes.

*For the INTERNATIONAL option:* This is only an option if the right students and the right internships become available.

### What if I already have an internship in RDU?

That is great! The CL program will work fine if you already have an internship. We will still be providing books, training, and community development through the summer.

### How long is the CL program?

May 18- July 15<sup>th</sup>- however, it is assumed that each internship will have a different starting and end date. That is great if it is different. The “program” cost and portion of the summer is only May 18-July 15<sup>th</sup>

Ideally, we would like both the LOCAL & INTERNATIONAL City Life to be a part of Go Now Orientation May 20<sup>th</sup>.

### Is there a National Church plant trip for Local CL and is the trip built into the cost of CL?

Yes! During one weekend in June or July, the City Life interns will go spend a weekend with one of our national church plants learning what it means to be a core member of a church plant team. You will spend time and network with other professionals at that plant, help serve the church on a weekend service, and have some fun. More details about location and exact weekend will be given later in the Spring.

### If I do CL INTERNATIONAL, how much does it cost?

Each international option has a different cost and the cost will be communicated when you decide what international internship you are interested in. If accepted to an international job, you will be raising

support through the spring semester

**If LOCAL CL, when is the \$450 due?**

It will be due on May 10th

**How many hours a week will I work? What does a typical week look like?**

*For LOCAL option:* It will depend on your internship, however, you should expect to work 40-50 hours a week.

- On Saturday mornings, local CL interns will meet together and discuss books, hear from local businessmen and women, etc.
- On Tuesday or Wednesday nights, local CL interns will have a meal & D Group together.

*For International Option:* It will depend on the internship, but expect to work 40-50hrs a week.

- You will have book discussions and praxis forums, but each location will look different on the timing, etc.

**How does housing work for Local CL?**

You will be able to set up your own housing for the summer.
